

Academy of Finance

PATHWAY DESCRIPTION

This program focuses on banking and credit, financial planning, accounting, and insurance. Students gain career knowledge through work-based learning activities that are conducted in school and outside of the classroom, and a 120-hour paid summer internship. Students will earn the NAFTrack Certification. This Pathway's courses introduce students to a wide array of careers such as personal financial advisor, tax preparation specialist, accountant, financial analyst, loan officer, account representative, insurance agent, and claims representative.
