2P1: Earned Recognized Postsecondary Credential

***lag year cohort**

The percentage of CTE concentrators who receive a recognized postsecondary credential during participation in or within 1 year of program completion.*

*This means that a student gets counted under this indicator whether the student obtains the credential during participation or within 1 year of completion. The Department interprets "within 1 year of completion" to have the plain meaning of those words: "that the student would be counted if the student obtains the credential in the 1 year following that student's completion of the program."
